

GUJARAT GP **CHEM & PETCHEM** **CONFERENCE 2025**

Viksit Gujarat: Viksit Bharat@2047

May 8-9, 2025 | Hyatt Place, Bharuch

POST SHOW REPORT

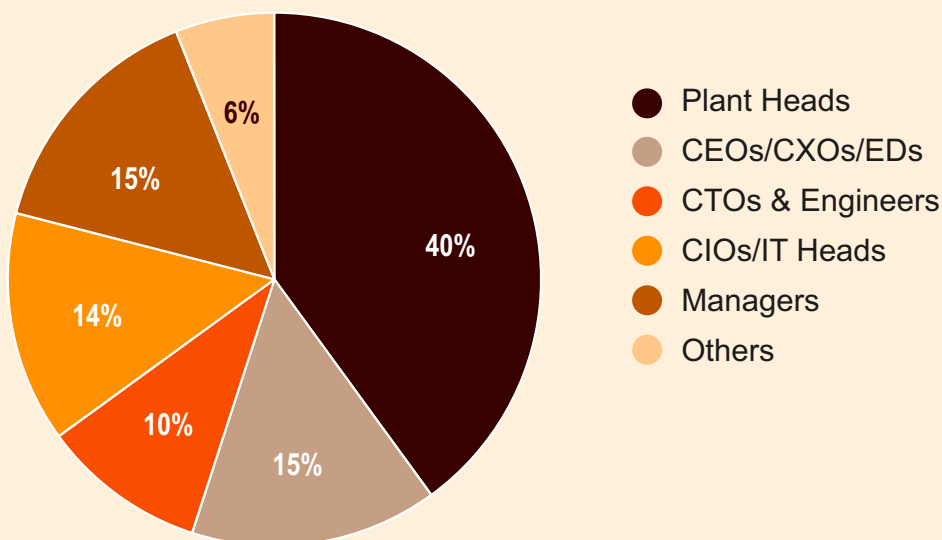

HIGHLIGHTS

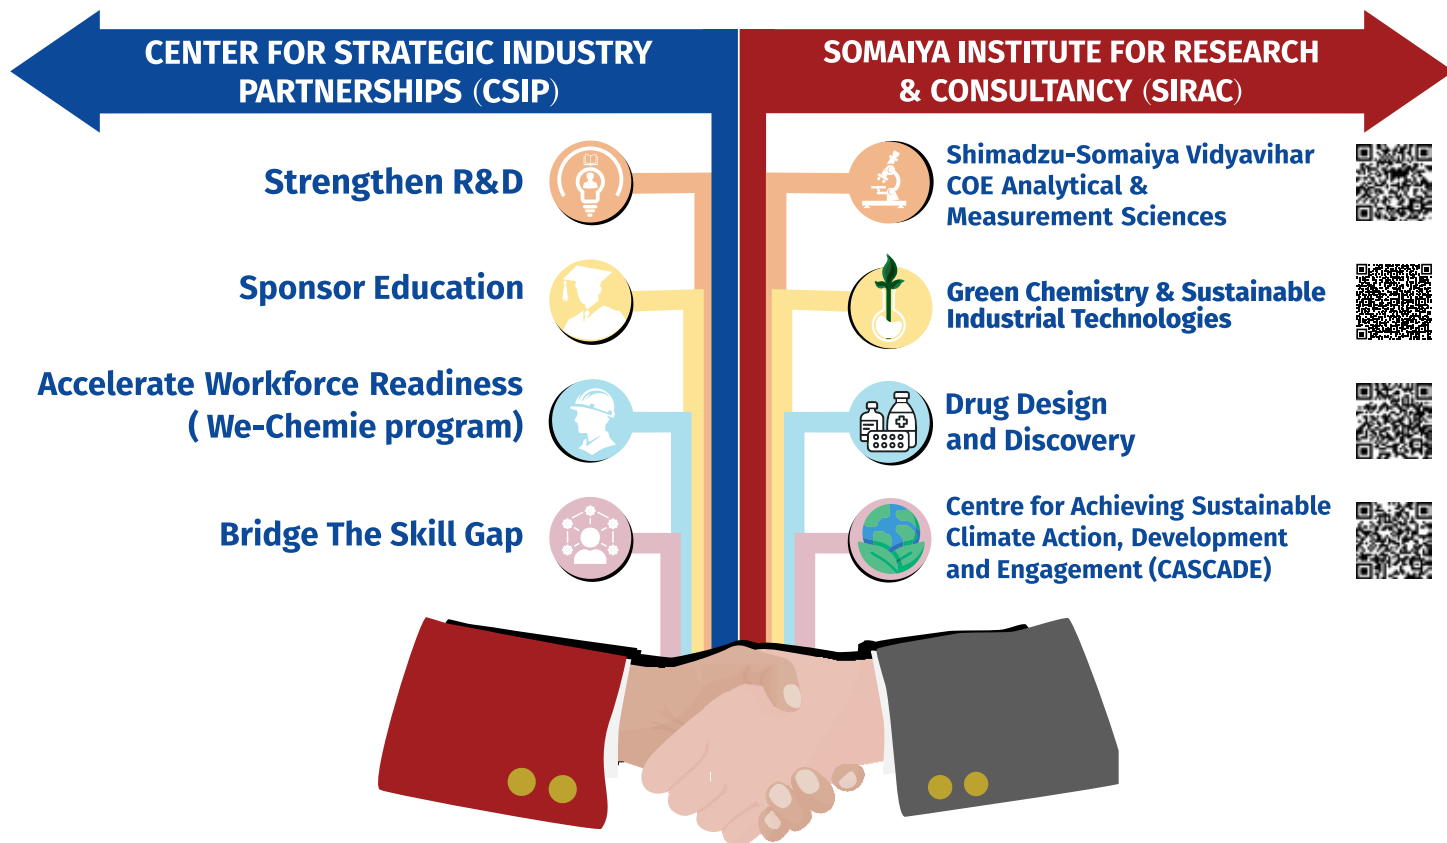

The **First Edition** of **Gujarat Chem & Petchem Conference 2025** was a great success. The Summit saw participation of **375 Delegates**, **95 Speakers**, and **23 Exhibitors**. The Summit had **12 sessions** on varied topics - Developing Gujarat as a Global Chemical Hub, Digital Transformation & Automation, Automated Packaging, Corrosion Risk Management, Process Safety, Industry & Academia, Operational Efficiency & Manufacturing Excellence, Renewable Energy, Project Design and Execution Strategies, Waste Management, Water Treatment, and HSE amongst others.

Feedback from Delegates and Sponsors was very positive with an overall average satisfaction rating of over 95%. Around 90% delegates said they plan to attend Gujarat Chem & Petchem Conference 2026 and while 91% said they would recommend it to a friend or colleague.

AUDIENCE PROFILE

Bridging Gaps. Building Futures

Sponsored by

Supported by

Collaborative Research with

for development of the application using **Py-GC/MS** system for **polymer materials**.

"Grow Beyond Yourself"
scholarship programme

Sponsored by

A Collaborative programme
Post-Graduate Diploma in

Polyurethane Technology (PGDPU)

Green Chemistry Principles and Tools for Industry Professionals

a 3-month hybrid programme from July 2025

in association with

Industry partner

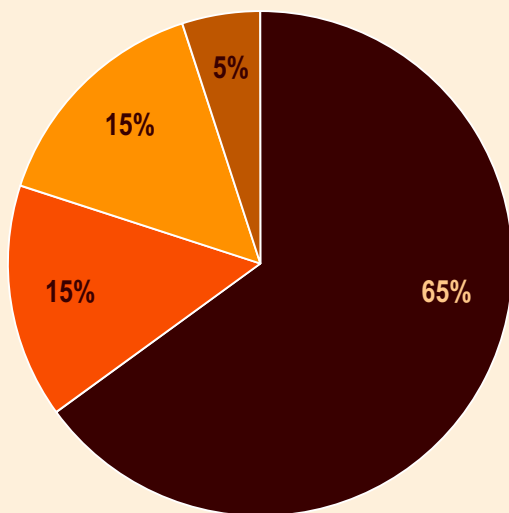

**Centre for Excellence in Computational
Science & Simulations (C2S2)**

GUJARAT CHEM & PETCHEM CONFERENCE 2025
Viksit Gujarat: Viksit Bharat@2047
May 8-9, 2025 | Hyatt Place, Bharuch

Indian Chemical News is pleased to announce the first edition of Gujarat Chem & Petrochem Conference 2025 to be held on May 8-9, 2025 at Hyatt Place, Bharuch. The theme of the event is Viksit Gujarat: Viksit Bharat@2047.

Key Discussion Topics:

- Transforming Gujarat to become Global Chemical Hub
- Renewable Operational Efficiency & Manufacturing Excellence
- Digital Transformation & Automation in Chemical Manufacturing
- Protecting Plants: Corrosion Risk Management & Process Safety
- Chemical Labs Innovations, Applications, and Sustainability
- Renewable Energy: Growing Chemical Industry
- Understanding HSE for Chemical Industry
- Industry & Academia: Forging Strategies to Expedite Innovation & Skill Development
- Selecting Technology: Project Design and Execution Strategies
- Waste Management: Chemical Recycling, Circular Economy, and Sustainability
- Efficient and Sustainable Water Treatment for Chemical Plant
- Automated Packaging: The Future of Chemical Manufacturing

Who Should Attend:

- CEOs / COOs / CTOs / CFOs
- Chief Manufacturing Officers
- Plant Heads / Managers
- R&D Heads / Managers
- Innovation Heads / Managers
- IT Heads / Managers
- Technology Heads / Managers
- Commercialisation Heads / Managers
- Partnership Heads / Managers
- Chemical Engineers
- HSE Heads / Managers
- Quality Control Heads / Managers
- Maintenance Heads / Managers

GUJARAT CHEM & PETCHEM CONFERENCE 2025
Viksit Gujarat: Viksit Bharat@2047
May 8-9, 2025 | Hyatt Place, Bharuch

Indian Chemical News is pleased to announce the first edition of Gujarat Chem & Petrochem Conference 2025 to be held on May 8-9, 2025 at Hyatt Place, Bharuch. The theme of the event is Viksit Gujarat: Viksit Bharat@2047.

Reasons To Participate:

- A well-curated agenda focusing on industry trends & challenges
- Excellent networking opportunities with industry leaders
- Branding and visibility opportunities for your business
- Insights from experts in the chemical & petrochemical sector
- Discover innovative products & solutions from top companies
- Strengthen relationships with business partners and suppliers
- Meet key decision-makers and expand your network

Key Sectors Covered:

- Basic Chemicals
- Organic Chemicals
- Inorganic Chemicals
- Specialty Chemicals
- Agrochemicals
- Alkali Chemicals
- Clean and Green Chemicals
- Hydrogen
- Bio-based Energy
- EV & Battery
- Dyes & Dye Stuffs
- Dye Intermediates
- Pigments
- Polymers
- Aromatics
- Plastics
- Petrochemicals
- Gas
- ESG/HSE
